PROFESSIONAL SUMMARY

Frontend Developer specializing in building responsive, high-performance web applications using JavaScript and TypeScript. Experienced in developing real-world systems including an image similarity engine and interactive learning platforms. Strong focus on UI/UX, performance optimization, and scalable frontend architecture.

TECHNICAL SKILLS

- Languages: JavaScript, TypeScript, HTML5, CSS3, Python, C#
- Tools & Platforms: Git, GitHub, Figma, Adobe Photoshop, Unity, WordPress
- Databases: SQL, Firebase
- Frameworks & Libraries: React, TensorFlow

PROJECTS

- Developed a client-side image comparison system using perceptual hashing and DCT, enabling fast, privacy-focused image matching directly in the browser.
- Built a browser-based 2D game using JavaScript and HTML5 Canvas, implementing physics, animations, and optimized rendering for smooth gameplay.
- Developed a secure OTP-based attendance system using Laravel with authentication and real-time validation features.
- Created an interactive web-based learning platform with structured lessons, coding exercises, and progress tracking.
- Designed and developed a C#-based inventory system integrated with SQL for efficient data handling and reporting.

VOLUNTEER EXPERIENCE

Survey Enumerator | Korea Friends of hope International (KFHI) - 2nd CAPR Program 2026

- Collected structured child welfare data across 25 GN Divisions in Badulla district using Kobo Toolbox.
- Captured health metrics, family socioeconomics, and education progress data for enrolled children.
- Ensured data accuracy and completeness across all assigned divisions within strict reporting timelines.

Digital Literacy Platform | Digital Era Project 2024

- Led digital awareness campaign across Uva & Central Provinces; coordinated 5-member team, 50+ participants per session.

Support Volunteer | Traveling History Museum Project | Search for Common Ground, Sri Lanka 2024

- Engaged more than 300 community members through educational exhibits and interactive experiences and provided technical support for multimedia presentations and digital exhibits.

EDUCATION

- Higher National Diploma in Information Technology (HNDIT) — SLIATE (In Progress)
- G.C.E. Advanced Level — Engineering Technology Stream Index: 4714946 2022
- G.C.E. Ordinary Level — Tamil Medium Index: 95555692 2019

CERTIFICATIONS

- Web Development Workshop — Woocurs Academy 2025
- Citizen Reporters' Training — Hashtag Generation 2024
